

**Omicron State Educational Excellence Committee
Record of Collaborative Connections Hours**

The purpose of the data sheet is to highlight the connections and differences that current/retired educators are making within the community through a variety of professional volunteer educational activities, early education careers support and community volunteering.

Record the number of individual participants and number of hours in each of the three volunteering categories and the monetary in-kind contributions each month. If you would like to know your chapter's CC value use the value columns to add up your contributions. Professional Educators Volunteering their time for educational support have a base of \$35 per hour. If you would charge more, you can list the \$\$ amount and multiply the hours by the amount you have chosen. Hours for Early Education Career Support would be the same \$35. per hr. value. Community Volunteering value, set by the Independent Sector Org. in conjunction with the IRS, is currently \$22.37 for AZ. The Monetary In-Kind Contributions are those contributions given to education and not receiving any reimbursement.
