**2016-2018 INTERNATIONAL THEME:
 LEADING WOMEN EDUCATORS IMPACTING
 EDUCATION WORLDWIDE**

The days are getting a little longer, and it will be time to “spring forward” this weekend. What are you doing now to renew yourself? Consider attending the Psi State Convention April 28-30 in the Classic City, Athens.

Did you set any goals for this school year? How are they coming along? Is it time to reevaluate and renew? Let your DKG sisters help you! You may find what you’re looking for on our Psi State and International websites. Don’t forget that we can all reach out to each other on our Beta Epsilon and Psi State Facebook pages, via email, or even by picking up the phone.

What are you doing to renew your body as winter changes into spring? With the longer days and warmer temperatures, consider getting outside for a walk each evening. Take care of yourself!

Continue sharing the love of learning with those around you! Take a little time to renew yourself as the season changes.

Haley

When was the last time you visited our International website? Be sure to have your member number handy to log in (password *dkg2014society*). Not only will you learn more about our organization, but they provide a variety of interesting services. Visit www.dkg.org!
