February 2022

THE HEART OF DKG ~ YOU

This month we challenge you to reach out to your chapter members to inspire, teach, lead, invigorate and love others:

What makes your chapter members love what they do? Discuss this at a meeting...why do you teach?

Put staff/students names in a basket and choose someone to write an encouraging note to.

Bring a treat to your teachers' lounge to celebrate the love of teaching!

Have your students make cards for staff members at your school to thank them for loving what they do.

Take a photo of your students and display them in the hall with a loving message.

Make a bulletin board in the hallway and encourage everyone to place a heart with a message on it to touch someone's heart.

Place a heart shaped wrapped candy on your desk to encourage happy hearts.

Print HEART on a sheet of poster board/large Post-It and have the kids create an acrostic of happy hearts.

Have everyone in your school wear red to signify the love that is in your hearts.

**Aristotle says:
Educating the mind without
educating the heart is no
education at all.**
