## ALL ABOARD!

An anxious teacher asked, "Where is everyone going?"  
The school nurse next to her replied, "We are boarding the next train and taking the same route as the earlier DKG train which has **already left the station**. DKG is heading in a totally new direction, and we don't want to miss the excitement!"  
"Is there a train going there soon?" queried the teacher.  
"Yes, and you just can't miss this it. It is the only one this summer! Look at the Departure Board."
