Instructions for Completion of DKG Membership Template

Each year members drop their association with Delta Kappa Gamma for various reasons. Overtime circumstances that caused a member to drop out of Society could change. Over the past few years, International has sent a survey to many resigned members asking them if they were contacted and asked to rejoin, would they? Seventy percent said they would consider; to date few chapters activate this procedure.

Utilizing the DKG Membership Template – Resigned Members:

- Request past copies of Form 18A from your chapter treasurer
- Complete the information on the template(s)
- Contact each resigned member that is listed
- Have a conversation with her regarding the reason why she resigned
- Invite her to an upcoming chapter meeting, suggest sending her a copy of your latest chapter newsletter and/or encourage her to attend an future chapter activity with the intention of re-orienting her to Delta Kappa Gamma

At the conclusion of the meeting or activity, raise the question, 'Are you interested in re-joining Society?' Should she decline, ask her why?
