

A Music Update

Mary Wrobel DKG ILSO Music Chair

The 2023 convention in April seems a long way away and yet the Music Committee is busy selecting music and making plans for our next convention. And what's a DKG state convention without music?

The Music Committee is once again working to fulfill our mission of providing music for our in-person April 2023 convention In Oakbrook. Music adds so much to our convention, which is why we are looking for choir members to join our Jubilation Singers, as well as musicians who would be willing to play in an ensemble or individually. So warm up your singing voices, dust off your musical instruments and think about joining the Jubilation Singers and convention ensembles. We will be providing a variety of music for all three days of our convention. We will be looking for volunteers to sing with the Jubilation Singers (our ILSO choir), as well as those willing to play musical instruments. In fact, you could even do both: sing with the choir and play a prelude/postlude or participate in a music ensemble.

Please sign up on the forms in this **Newsaster** or contact Mary Wrobel at maryjwrobel@aol.com with questions, suggestions and a willingness to participate. Remember, Listen, Learn, Lead-with Music!
