

Bunco Night!!

Program Idea for July 2007

Submitted by Dr. Jeanette Wampach

Alpha Epsilon Chapter

Member - Lambda State Program Committee

After many years of silent auctions, the Alpha Epsilon "girls" thoroughly enjoyed a Friday night out fund raiser playing Bunco. As this was the primary fund raiser for the year, guests and members, both those in attendance and those not, were asked to contribute \$25.

The evening began at 6:00 with everyone bringing dinner-type snacks and desserts. The committee provided beverages. Festive decorations set the mood of anticipation as we first enjoyed the food, followed by the ground rules for the evening. Those new to Bunco were given an orientation, and the fun began!

Not only did the chapter painlessly raise over \$1,000, but we had such fun and fellowship in the process! Due to the rotational nature of the game, it also was a great mixer. Interaction was encouraged among all individuals and guests. Additionally, some lucky participants won monetary prizes for various categories, such as the most wins, the most losses, etc.

Overall, the evening was deemed a great success and will most likely be repeated this year! Questions could be emailed to the evening's coordinator, Sandy Schinkoeth at dunk60504@yahoo.com.
