Date: October 2008

Greetings Chapter Research Chairs!

The Lambda State Research Committee is excited to continue our work for the 2007-2009 Biennium and we look forward to "Opening the gifts within You and Lambda State."

The Research Committee will continue to provide the necessary forms for CPDU credits via various Lambda State events -- conventions, creative arts retreats, legislative seminars, leadership/management seminars and parliamentary seminars. It is our mission to keep all Lambda State educators highly qualified! Be on the look-out for our new delivery of CPDU forms at Lambda State Convention!

The continued recognition of National Board Certified Teachers is another project of the Research Committee, but we need your help. *Please e-mail me when any member of your chapter achieves NBCT status.*

Did you ever wonder what happens to the evaluation forms you fill out after a Lambda State event (i.e. State Convention or Executive Board Meeting)? Well, let me assure you that all the results are tabulated and used to plan future events. Therefore, to keep the views of the membership in the forefront of all events planning, the Research Committee will continue to evaluate all Lambda State events.

The Research Committee will also be contributing to the Newscaster and the Lambda State website. Be sure to check out The Research Handbook on the Lambda State website; as well as links to great program ideas in the area of research.

As the Lambda State Research Chair, I would enjoy hearing from you whether you have a question, concern, or the results of a chapter research project. I check my e-mail every day, and will do my best to respond in an expedient manner.

To a Great Biennium "Opening the Gifts within You and Lambda State,"

Beth Pyle, Chair  
Lambda State Research Committee
