August 2011

Greetings from the Lambda State Research Committee!

The committee is working this biennium with Lambda State's theme *Share Our Story* and we need your help!

As a committee, we will be providing CPDU and evaluations forms at the various Lambda State events. One big job of our committee is to tabulate the results of the evaluations. We do read every detail and all the comments! These help the state plan for future events so please encourage your members to take a few minutes to complete them.

We are also charged with recognizing teachers who become part of the National Board of Certified Teachers and those who have received a doctoral degree. Please send us the names of your members who have achieved either of these honors and we will celebrate them at our 2012 Lambda State Convention.

This year we are trying to get a "profile" of our state membership and need for every chapter to complete a *Chapter Profile*. The form can be found on the Lambda State website (deltakappagamma.org/il). Just complete and email it to me. **Much of the information can be found in your yearbook.** Please send these to me by February 1, 2012. Form is also included with this letter.

We hope that you will help us *Share Our Story* by telling us of your chapter's research efforts, projects and ideas.

Looking forward to hearing from your chapter!

Carol Miller, Chair
Lambda State Research Committee
