Wilma Adams Fund
Requests of Money for Chapter Projects
Community Service Projects and Money Making Projects

Requests for money from the Wilma Adams Fund to be used for chapter projects may be submitted anytime during the year. Money will be provided for community service projects or for money making projects. The maximum amount a chapter can receive is \$300. Responsibilities of chapters accepting fund money include a brief summary report, receipts, and, in case of money making projects, reimbursement.

When a project is community service based, no fund reimbursement is expected. When the project earns money, however, the Wilma Adams Fund should receive reimbursement of 50% or the proceeds not to exceed the amount of the original grant. The repaid money is recycled for use in other chapters' projects. For example, with a \$300 grant for a fund raising project, a project earning \$200 returns \$100 to the fund. Earnings of \$500 return \$250 to the fund. Amounts earned in excess of \$600 return only \$300, the amount of the money granted.

Requests for project money are now being accepted. Please expect a two-month lapse from the time the application form is received by the committee to the granting of money for chapter use.
