

Spring Convention Fredericton May 29, 2021

May 29th was an exciting day for DKG NB. In fact, we made history that day by having the first virtual spring convention entitled *Preserving NB's History*. We welcomed DKG friends from Texas; Kentucky, Maine and British Columbia. Everything went “without a glitch” and our speakers were excellent.

We participated in a DKG NB business meeting that set forth ideas for our upcoming year with the pandemic.

Our international guest Nita Scott led us through a Society update with her power point presentation.

Our second speaker was Her Worship Kate Rogers, first female Mayor of Fredericton, NB. Kate was honoured as our *Influential Woman of the Year*. She spoke about the value of preserving our heritage in the Fredericton area.

Our final speaker Robin Hanson “NB’s Renaissance Man” who has been awarded for his historical art work and sculpture garden at his Museum in French Lake, NB.

We all enjoyed the Spring Convention on Zoom in our own homes. It was a way to bring our members together that was easy to use.
