

Spring 2016

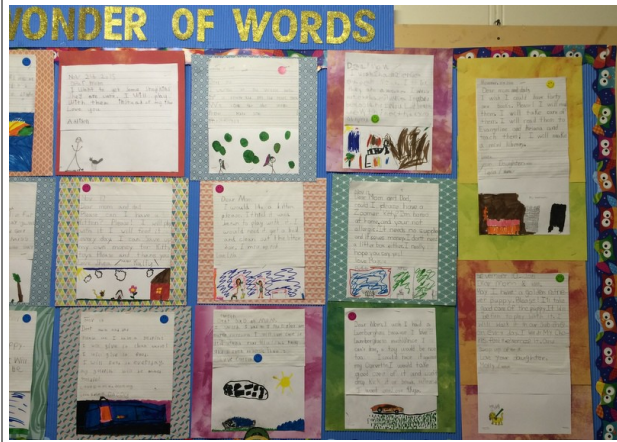

Wonder of Words

An Educational Foundation Project

Beta President Melanie Wood distributed Literacy Kits to 5 elementary schools in the Fredericton area. These kits are used with students at the Grade 4 & 5 level and serve as reinforcement for written literacy. Beta members are pleased that their Educational Foundation Project “Wonder of Words” will serve hundreds of students as they learn how to purposefully revise their written work.

The project will resume with hands-on mentoring and small group teaching with selected primary classes in the Fall. This will allow teachers of those classes to continue to use the “Thoughts in My Pocket” resources throughout the year.

November 10, 2015
Dear mom & Will,
May I have a golden retriever puppy. Please! I'll take good care of the puppy. It will be fun to play with it. I will walk it in our subdivision every day. I will do my chores, feed it, exercise it, and scoop up after it.
Love your daughter,
Molly /xoxo
