

# Educational Excellence Accomplishment Song

(sung to the tune of: "The Theme from the Beverly Hillbillies")

1. Let me tell you 'bout the work  
That we're required to do  
From International;  
You want to hear it too?  
It has a few focuses;  
They're really just a few.  
So sit right back and listen up –  
This is what you do
2. Some schools - in - Africa,  
They need a helping hand.  
So save - up your pennies and  
Donate 'em as you can.  
Then celebrate the dif-ferences  
You've made both far and near,  
And know that you have changed some lives  
And wiped away some tears.
3. Beginning teachers need supplies  
And lots of love and care.  
This - is your next - focus  
Make the time to share.  
Then focus on increasing members'  
Pride in all they do.  
Share your thoughts and great ideas!  
Create good attitudes!
4. Promote the DKG – and  
UN partnership,  
By implementing pro - grams  
That offer lots of tips.  
You'll find some help for  
Getting started... just - come on board  
To [www.DKG.org](http://www.DKG.org)
5. Glo – bal aware - ness and law and policy  
For educational excellence  
Are at the top indeed!  
Increasing members' know – ledge –  
So all will understand  
That DKG can make a difference  
In so many lands!
6. So now you know the work that  
We will want to do  
To help our children's education  
Be the best! That's good!  
We'll make our world a better place  
For now and times to be,  
And know we did it all as sisters  
Joined in DKG!
